If you are diagnosed with cancer today, and you choose to trust the medical system with your treatment, you can say goodbye to your financial future! Even if you have health insurance! The average monthly treatment cost is \$15,000. The lack of wellness education and application is responsible for the near epidemic of Bankruptcies, Foreclosures, Underfunded Retirement plans and Failed Marriages that plague our nation. 66 % of all bankruptcies are filed due to health care cost!!

**Fortune 500 magazine:** Cancer drugs hit \$ 100 BL in sales in 2014, by 2018 were as high as \$ 147 BL. {1 mil x 1000 = Only 1 BL}.

**Freedom outpost health and safety:** 2 of the latest cancer drugs are priced at \$ 12,500 per month! 45 new drugs hit the market in 2010 - 2014! We are losing the war on cancer! In 1940; 1 in 16 got cancer, By 1970; 1 in 10, Today; 1 in 3.

**Facts on vascular illness:** 800,000 Americans die each year of heart disease, stroke, or other cardiovascular diseases, at the cost of \$ 320 BL annually. Currently ..., at least 1 in 3 of adults have at least one of these diseases {approx. 86 mil people}. By 2030 the cost could rise to more than \$818 BL.

**Diabetes:** In America, 1.25 mil children and adults have this disease! It is the 7<sup>th</sup> leading cause of death, costing \$ 245 BL in total in 2012, and cases are on the rise at 1.4 new cases yearly!

**The Remedy:** Our only real hope for a reasonable wellness future is preventive information and application,
