Where have all the children gone, long time passing?
Where have all the young males gone, long time ago?
Where have the "adults in the room" gone?
Swiping or shooting till night's early dawn
Worshiping "killer-kid"-vids; no chants for mother sun
All lost in Silicon-blue state 'rhythms everyone...
When will they ever learn, when will their minds start to burn?
Oh, when does a soul stop to yearn?

Where have all the immigrants gone, long time passing?
Where have all people of color gone, long time ago?
Where has all our humanity gone?
Caged in categories: "other," "strange," ALIEN!
Your only chance... to be on the run.
Even Miss Liberty sneers: Who says "pursuit of happiness" is for everyone?...
When will they ever learn, when does a soul stop to yearn?
Oh, when will our minds start to burn?

Where have all the patriots gone, long time passing?
Where have all the MAGAs gone, long time ago?
Where have Alt-righteous red-state people gone?
Wrapped in red, white, and blue, you son of a gun
Saying prayers for all whose rapid-fire time has come
Bought and sold in NRA pockets everyone...
When will we ever learn, when will their souls start to burn?
Oh, when will our times ever turn?

Where have all the crazies gone, long time passing?
Where have the mentally ill gone, long time ago?
Where have all our easy scapegoats gone?

Maybe it's just the White-Hot American Way
That good ol' boys' arms and industry DNA
Profit Trumps people; you can pay or just "hate" to play
As tweet-sites scream: Just leave the USA or "Make My Day!"
Or, perhaps it's simple – just get on your knees and pray
But who can you blame when we're all blown away?
When will we ever learn?
When will we once more yearn?
When will our souls start to burn?
Oh, when will these times ever turn?
